INSTRUCTOR TRAINING COURSES (ITC)

CLASS 5/7 (CAR)

This course is fully up to date with ICBC's new requirements. Driver trainers completing this course must have a valid class 5 licence (minimum of 3 years) and will receive the GLP practical designation. This program includes 105+ hours of training.

\$7400

CLASS 1 (TRUCK)

ICBC requires prospective trainees have several years of full time commercial driving experience. This program has 54 hours of training, including the MELT Orientation Course (MOC).

\$6400

MELT ORIENTATION COURSE (MOC)

To teach the practical portions of BC's class 1 MELT Program at an ICBC approved driving school, you must complete the MOC. This course is included in our class 1 and class 1-5 courses, but can also be taken separately if you are already a licensed class 1 Instructor.

\$1000

CLASS 1-5 (CAR & TRUCK)

Driver trainers completing this course will go through both the class 5/7 and class 1 Instructor Training Courses, receiving the GLP practical designation. This program includes 159+ hours of training.

\$13800

CLASS 6 (MOTORCYCLE)

Prospective trainees must possess a high level of riding skills and abilities for this course. This program includes 80+ hours of training.

\$5400

ADDITIONAL & TRAILER TRAINING

Prior to adding an air brake endorsement to your licence, ICBC requires individuals take an air brake course at an approved Driver Training facility. Save a trip to ICBC and complete the air brake certification test with us!

Air Brake Endorsement (code 15) \$400

One-on-one or small group training provides an understanding of the material and concepts required for the successful completion of the ICBC knowledge tests for all licence classes.

Tutorial Training \$299/session

Vehicle modifications are available for clients with limited mobility. Comprehensive functional driver evaluations and assessments are provided in vehicles equipped with the following: left foot accelerator, steering wheel spinner knob, and turn signal crossover.

Vehicle Modifications \$210/session

Your drivers are a reflection of your company and their driving skills affect a large portion of your fuel, insurance, and operating costs. Effective training improves driving behaviours - increasing your profitability. Let us tailor a curriculum and schedule that works for your organization.

Corporate Training Starting at \$60/person

Drive your motorhome with confidence! We will help you develop defensive driving skills and give you practical maneuvering and backing experience.

Recreational Vehicle Training \$299/session

We offer one-on-one training covering the required aspects of driving, backing up, coupling and uncoupling, and pre-tripping your vehicle and recreational (house) trailer prior to your ICBC road test.

House Trailer Endorsement (code 07) \$299/session

We offer one-on-one training covering the required aspects of driving, backing up, coupling and uncoupling, and pre-tripping your vehicle and heavy commercial trailer prior to your ICBC road test.

Heavy Trailer Endorsement (code 20) \$299/session
