CLASS 3 TRAINING PROGRAMS

Our class 3 programs provide students with the necessary skills to drive medium-sized commercial vehicles like delivery trucks, firetrucks, garbage trucks, heavy-duty tow trucks, recycling trucks, pumper trucks, and crane trucks.

Open the door to new opportunities with a class 3 commercial driver's licence. Companies rely on heavy vehicles to get the job done and safe, professional drivers are in high demand to fulfill these roles. Job opportunities for class 3 drivers are widely available and typically provide a local driving route, regular days off, and being home every night.

Class 3 training is considered part-time training and start dates are provided on a continuous & rotating intake, based on student & Instructor availability.

STANDARD PROGRAM

\$2949

Gain experience with pre-trip inspections, manual shifting training, city driving, backing, and other driving maneuvers with this program. The class 3 standard program will allow you to drive any class 3 vehicle, whether it has a manual or automatic transmission, unlocking many exciting opportunities for your trucking career!

This program includes:

- Air Brake Course **\$ Free with enrollment in this program!**
- 20 hours - On-road training, pre-trip and road test

AUTOMATIC PROGRAM

Recommended for Firefighters

\$1949

Learning to drive an automatic transmission truck versus a standard transmission truck will quicken the training period, as you will spend less time on learning to shift and count RPMs. This program is ideal for students who are applying for volunteer or professional firefighter positions. All pre-hire applications for fire departments have a minimum licensing requirement of a class 3 automatic, so this should be your first step in the firefighting application process.

This program includes:

- Air Brake Course **\$ Free with enrollment in this program!**
- 12 hours - On-road training, pre-trip and road test

CAREER PROGRAM

Employer's Choice

\$4949

This program will cover essential topics, where you master safe driving skills, fuel efficient driving, air brake operation, and vehicle inspections. Our program typically qualifies for government funding from sources like WorksafeBC and WorkBC (EI). If you are looking at a source for funding, you are welcome to visit any of our offices to receive a personalized acceptance letter and a packet of information.

This program includes:

- Air Brake Course **\$ Free with enrollment in this program!**
- 30 hours - On-road training, pre-trip and road test
- 16 hours - Employment Skills classroom courses:
 - Vehicle Inspections
 - Driving Techniques & Fuel Efficiency
 - Driving Techniques & Regulations
 - Professional Driving
